18 September 2015

Is this your first lecture?
Welcome to CSC108H!
Pick up a syllabus.

First deadline:
Week 2 Prepare exercise is due Sunday 20 Sept by 10pm.
The exercise has been posted; get started after today’s lecture.
It will be completed using an online tool called the PCRS.
Link to the PCRS is on the course website. Use UTORid to login.

Second deadline:
Week 2 Perform exercise is due Friday 25 Sept by 6pm.
This exercise will be posted before noon on Saturday.

Frequently Asked Questions (FAQ)

• How many attempts do I get for each Prepare/Perform question?
  • As many as you want, up until the due date. We mark your last response.

• Why am I being asked to pay for WingIDE?
  • There are a few versions of Wing. We are using Wing101, which is free.
    If you’ve got a message about paying for Wing, you have the wrong version.
    See the course website Software page for a link to Wing101.

• What is the grading scheme on the Prepare/Perform exercises?
  • Each multiple choice question is worth one point and each question that
    requires you to type in Python code is worth three points.

• When is the Prepare exercise released/due?
  • Prepare exercises are released in PCRS weekly on Thursdays around noon,
    and are due Sunday nights at 10pm.

UNDERGRADUATE RESEARCH SHOWCASE
From autonomous driving to diagnosing Alzheimer’s disease, our students are investigating new approaches in computer systems, artificial intelligence, theory of computation and more. Computer science is constantly evolving and our undergraduates have the unique opportunity to be involved in world-leading research and development.

We invite the community to learn about the latest projects undertaken by our undergraduate researchers. Visitors are welcome to drop by, view the student posters and ask our student researchers questions.

Light refreshments will be served
Please RSVP
